

Nobility among
movable coat
racks

Kulkuri

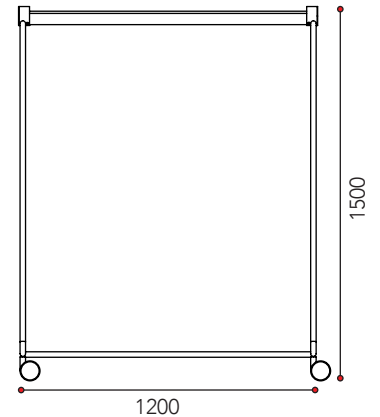

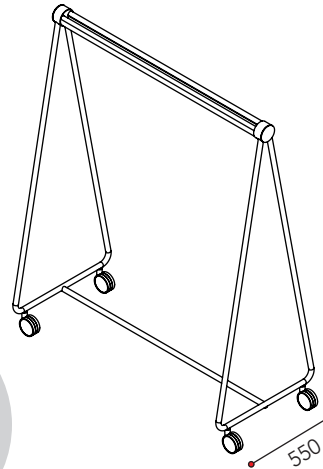

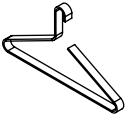

The movable Kulkuri coat rack is a beautiful combination of wood and metal. The coat rack looks sturdy but is easy to move. Like the Renki coat rack, it is coated with a refined layer of copper. Kulkuri is the nobility among movable coat racks. It is already beautiful and practical as such, but you can also complement it with an oak bottom platform and a pipe with hooks to get more space to hang coats. Hangeri hangers are also excellent for this coat rack.

Accessories:

Hangeri-hanger, 6-9 pcs

Shelf

Hook tube, 8 hooks
